Each spread also includes several smaller pops depicting other memorable elements from *The Walking Dead*, such as the Governor's "man cave" (including his unique aquarium complete with severed heads), the Well Walker, and much, much more. Chesterton in cheerfully and logically making his astonishing case, along the way presenting breathtaking—and often withering—new evidence and arguments against the idea of a Creatorless universe. Taken all together, he shows atheism not merely to be implausible and intellectually sloppy, but now demonstrably ridiculous. Perhaps the only unanswered question on the subject is why we couldn't see this sooner, and how embarrassed we should be about it. **THE ULTIMATE DEAD BABY COOKBOOK** is filled to the gills with all new recipes for 2012 and 2013!
